Yucca Mtn Site Project
Att: Carol HANLON
US DOE CHARACTER SITE OFC
PO BOX 30307
No. Las Vegas NV 89036

Do not put this site in that area its only 100 miles away, the air from the Arizona
Fires blew over here that's 300 miles away, what makes you think 100 miles
Is out of danger for a project like this and our air here in Vegas.????

Absured, put it some place else far away you have a lot of land in Nevada
Or we will all be in danger later on if something happens unforeseen.

Henry Oak
